Dear Mary,

Here is the file on your family of Mathias Huemann + Christina Schneider. It also includes that of William Mueller + Anna Maria Huemann

There is a total of 2715 names on it, and I made it before loading your file, so you know none of your info is merged into it yet.

I named it LaVista, after your town, so hope that name hasn't been used.

I really enjoyed the visit from you + Isabelle - next time come when it is a little cooler (or maybe I should get some fans.)

It was nice to get all of your information, I must confess I have only a small part of it copied + checked over, too many other things to get done. Hopefully that will be all finished this week.

Nice meeting you again - keep in touch.

Sincerely,
Gene Noterman

Hope you can read this Mess!

A Genealogy of the Families of

Michael and Anna Maria Gerber

and

Andrew and Anna Smith

by Gene Noterman

FOREWORD

My project began in February, 1975, and is now available to the family. In all cases grea care was taken to be certain in obtaining the correct information for all persons involved Certainly there will be mistakes that will come about, but it would be nearly impossible to make anything mistake free. In order to avoid as many mistakes as possible, nearly 100 per cent of the births, deaths and marriages which occured in Mower and Olmsted Counties in Minnesota and Mitchell County, Iowa, were checked with the public court records in the courthouses in Austin, Rochester and Osage. By this approach many mistakes were found and also many families were completely traced without having to contact those individuals in person.

My first intention, and which was always my basic motive, was to trace the progeny of my maternal great grandparents, Andrew and Anna Smith and Michael and Anna Maria Gerber. This was accomplished by personal visits to relatives, correspondence, reading old newspapers, numerous visits to all the area cemeteries, visits to the churches, military and pension records, phone calls, old county and local histories, completed family histories, in addition to the extensive use of the court records from the probate, land registry and vital records.

In the course of tracing my relatives of closer relation to me, it became easier to trace the other more older and distant families. Therefore, all the aunts, uncles and first cousins of both my maternal grandparents, Fred and Julia Gerber, are included, with the information about the Huemanns, Smiths, Gerbers and Schumachers being traced.

A large number of the early settlers in the Adams and Stacyville area came from McHenry County, Illinois. Previous to this, all the maternal families of the direct relation came from Germany. The Gerbers were the most recent to arrive, in 1876. With the Freunds and the Smiths (Schmidts) coming in about 1854, the Benaelkens in about 1840, the Huemanns from about 1842 to 1846, and the Schumachers arriving previous to 1855. The families very likely arrived through New York, and came through the immigration center at Castle Clinton, located at the extreme southern tip of Manhattan, as opposed to Ellis Island which did not open until 1891.

Tracing the family to Europe is considerably more difficult than research in this country. Language being a barrier, but a minor one compared to the immense task of locating exactly where all the various branches of the family came from in Europe. In order to locate any information it is necessary to write to the very town where they came from, since there is no central record keeping system in Germany previous to 1870. Also of importance is finding the date of emmigration from Europe, since when the exact date of arrival is known, records can be obtained from the National Archives in Washington, D. C. So far no information has been located from any European towns despite my efforts, transatlantic mail usually taking 2 to 3 months for a reply to be obtained.

Johnsburg was an early center of religious activity for the Catholic families in the area. Settlers arrived in the area in 1855, and in 1857 Fr. George Keller of Faribault, Minnesota came to serve the religious needs of the community. In 1859 a church was built and was served by the priests from Faribault until 1867. From 1867 to 1875 the priests from Austin served the Johnsburg parish. A resident priest came in 1875. This priest served the area of Johnsburg, Rose Creek, Adams and LeRoy until 1888 when the people in Adams organized their own parish. The Catholic families in Rose Creek organized their parish in about 1891. The present church in Johnsburg, the third structure, was constructed in 1891. The present church in Adams was constructed in 1901. (On December 1, 1976, the priest from Adams began caring for the parish in Johnsburg.)

The Stacyville area started their parish shortly after Johnsburg. In 1858 they were visited by a priest, and many of the first services were held at the home of John Adam Blake. In 1874 the Catholic families in the area erected the first church in Stacyville. The first resident priest arrived in 1878. The rectory of the parish was destroyed by fire in 1898, thus a loss of the early, valuable records. A new church, the present day structure, was built in 1905. A parish was organized in Meyer for the area residents in 1900, with their present church constructed in 1909.

Three of the townships in Mower County, Minnesota were surveyed by government surveyors in 1854, they being Adams, (T101N-R16W); Nevada, (T101N-R17W); and Windom, (102N-R17W). Lodi Township, (R101N-R15W), was surveyed in 1853. Lodi Township was organized on February 21, 1874, and was briefly called Belleview. Windom Township was organized on May 11, 1858, and was at times called Brooklyn and Canton before the present name was adopted. Nevada Township was organized in 1859, and possibly in May 1858. Adams Township was organized in the spring of 1858, or according to one account, in May 1857.

The original village of Adams, in Section 11, (T101N-R16W), was platted on Oct. 30, 1867. The owners of the site being listed on the recorded plat as Selah Chamberlain and the Minnesota Central Railway Company. The village of Adams was incorporated in February, 1887, with a vote of 56 in favor and no ballots cast against the resolution presented to the voters. The first corporation boundaries of Adams included all of Sections 1, 2, 11, 12, 13 and 14. The present city now is contained solely in Section 11.

The village of Rose Creek now has 240 acres in the corporation boundaries, and is located in Sections 25 and 26, T102N-R17W, (Windom Twp). Rose Creek was platted on August 4, 1873, with the owners of the site being Selah and Arabella Chamberlain of Ohio. The First Addition was platted on September 1879. The village of Rose Creek was incorporated in February, 1899, with 37 votes in favor and 15 votes against the resolution for incorporation. Rose Creek at the time had 202 residents.

Taopi was platted and surveyed in April, 1875, and John and Ellen Wood of Faribault, Minnesota being the owners of the site at the time. The plat was made for a portion of Section 9, T101N-R16W, Lodi Township. The village was reincorporated in Aprii, 1907, with change from the former charter to the new being approved with 20 votes in favor and 5 against. The Taopi Farming Corporation was created on May 1, 1875, and whose purpose was to produce farm products for market.

The State legislature of Minnesota created Mower County in February, 1855. Mower County was organized in March, 1856, with the first county seat at Frankford in the northeastern part of the county. On June 1, 1857, the county voted to have the county seat moved to Austin, and thereby defeating Brownsdale. A later effort in 1879 attempted to move the county seat to Ramsey, located north of Austin, but this too failed. In 1857, by action of the state legislature, 12 sections in the northeastern part of the county were detached from Mower County and given to Olmsted County. Early land records before the creation of the county were kept in Chatfield, Minnesota. Minnesota Territory was created by Congress on March 3, 1849, and Minnesota was admitted to the Union as a state on May 11, 1858.

Mitchell County was created by the Iowa General Assembly during the session from December 2, 1850 to February 5, 1851, but was not organized to function as a county until 1854. Until April, 1856, Mitchell functioned as the county seat, but after an election in that month, Osage won this honor. This vote was repeatedly contested until in 1870 favor was granted to Osage by the state courts of Iowa. Iowa was created a territory by Congress on July 4, 1838, and was admitted to the Union as a state on December 28, 1846.

Stacyville Township, T100N-R16W, was organized in 1856, and is located on the state line. Stacyville village was platted in June, 1856 by H. I. Stacy, and a year later an addition of 20 acres was platted. The village is located in Section 31, of Stacyville Township. Union Township, T100N-R17W, was organized in January 1868, and it too is on the state line, lying directly west of Stacyville Township. The township has a platted area, Toeterville, located in Sections 31 & 32 which is unincorporated. Wayne Township, T100N-R15W, was first organized with Jenkins Township in August, 1856, but in 1857 the two townships were separated. McIntire in Sections 34 & 35, and Bailey in Section 22 are platted area. Liberty Township is in a portion of T99N-R16W and it was organized in April 1870. Little Cedar is a platted area within the area of Liberty. Meyer was also incorporated at one time and it comprised numerous sections in Stacyville, Wayne and Liberty Townships.

The help and cooperation by all individuals involved was greatly appreciated by me. It is also my hope that the entire work can be kept up to date with all the events of births, marriages and deaths that occur within the family. Amoung these things were a half-notch adjustment lever for plows and planters. He also made a hood latch or fastener which was purchased by General Motors, and which appeared on the 1932 to 1939 GM autos. Both items were patented, but he received compensation only for the product sold to General Motors.

There also was another child who left with the family from Germany, but died during the voyage and was buried at sea. The family came from Europe in about the year 1854 and first settled in the area of Mendota and Sublette, Illinois. After remaining in Illinois for several years, the Smiths came to the area of Mitchell County, Iowa and Mower County, Minnesota in about 1860. In that year on June 19, F X Smith purchased from Peter Lysenfeld 160 acres located in the SW¼, Section 32, Adams Twp, Mower Co, Minnesota. (This farm is now owned by Clifford Mullenbach and his wife.) The father, who was also known as Xavier, later sold this property to his sons Andrew and Charles in 1868. This remained in the family until 1912 when Carl and Celia Smith sold it to Matt Mullenbach. This farm was initially purchased by F X Smith for $405.00.

On 18 Mar 1862 Franz X Smith purchased the NW¼, Section 28, also in Adams Twp from John Fagan for $175.00. In 1864 he gave his sons Thomas and Nicholas each an eighty acre tract in return for the care and maintenance of their parents. Presently 150 acres of this farm are owned by Gregory and Irene Jax, and a 10 acre portion is owned by David and Jurine Smith. Franz and Theresia also owned several portions of land in Stacyville Twp, among them being tracts in Sections 19 and 20.

Franz Xavier Smith, besides being known as Xavier, also had his name spelled various ways on documents, which apparently being uneducated, went about unknown to him. Some spellings were Xaver, Zopher, Haver and Sopier, all being corruptions of Xavier. The family name was also spelled differently, with several variations of Smith appearing in German. The German was by all means more correct than the present spelling, Smith, but this was a corruption that lasted. Among spellings of this name were Schmid, Schmitt, Schmit and Schmidt, with very little indication now of which is the correct spelling.

At the time of his death in 1904, F X Smith had an estate of $3639.85 which consisted entirely of cash and notes. Michael Mauer, in accordance to his last will of 9 Feb 1904, was appointed executor of his estate. Mauer was married to Mary Blake, a granddaughter of Franz Smith. The will was carried out according to the wish of Franz Smith, when after the expenses of the estate were paid, each of his five sons received only $5.00. The remainder of the estate was divided among his five daughters or their heirs, with each receiving $628.72.

The town of Schliengen - or Schnellingen - in Baden is near the Rhine River and therefore quite close to France. Until contact can be made with this area in Germany, nobody can be certain for their exact origin. The town of Schnellingen was named as the home of the Smith family in the obituary of Thomas Smith, but apparently it too was spelled incorrectly, since Schliengen is the closest in spelling.

According to the obituary for Anna Smith, she was mother of two other children who died as infants. In 1869 Andrew Smith purchased his farm, the NW¼, Section 31, Adams Twp, from Mathias and Susanna Krebsbach for $1400.00. He also purchased an adjacent 40 acres in 1876 from the Minnesota Central Railway Company for $350.00. That farm and two tracts of woodland of 12 acres in the Six Mile Grove, Nevada Twp, was the only property he owned at the time of his death. During his lifetime he purchased several other farms in the Adams, Minnesota and Stacyville, Iowa area. There is also record of him purchasing along with Joseph Heimer, a section of land in Logan County, North Dakota in 1903 for $4783.10. The property divided up after the death of Anna, was $15,800.50, plus the real estate.

8. Peter Huemann, birth and death unknown

(According to Miss Mary Adams of Adams, Minnesota, Peter remained in Germany. His son, George, came to this country.) John P and Catherine Huemann were living in this country for a brief period, but being unhappy here, returned to Germany. The Huemann family came to this country in 1840's, with Nicholas Huemann coming in 1846. Joseph and Anna Huemann, when they came to this country, were on a boat for 85 days before arriving in port, according to Mary Adams. She also remembers the story of Joseph Huemann becoming sick while on the voyage, and was cared for by his sister Anna. Anna was able to obtain better foods for her brother because of her talent for sewing. She did sewing for the captain, and he allowed her to give her brother provisions from his supplies, thereby aiding Joseph's health. Joseph and Anna came to the US after their brothers.

The Huemann family settled first in McHenry County, Illinois. Of the children, only John Huemann and Anna Huemann Adams remained in Illinois, with the rest coming to Mitchell County, Iowa. Nicholas Huemann and John Adam Blake were the first settlers in Stacyville Township, arriving in 1855. Math Huemann came to the township in 1856, with Joseph Huemann not arriving until about 1870. Nicholas Huemann and Castor Adams along with Franz Xavier Smith, were among some of the charter families of the Catholic church in Johnsburg, Minnesota. This was among the earliest centers of religious activity in the surrounding area. Castor and Anna Adams lived briefly in the Johnsburg, Minnesota area, returned to Illinois in about the 1860's. The town in Germany where the Huemanns came from was Hirten, with the largest nearby city being Koblenz.

A third child, a son, was born in 1861 shortly before the death of the mother, Adelaide. This child lived only several months. Nothing more is known about Adelaide Benaelken. A large group of Benaelken's moved to Stearns County, Minnesota from McHenry County, Illinois. They settled in the vicinity of these towns: Freeport, New Munich and Albany. One member, Frank Benaelken of Freeport, served briefly in the state legislature besides serving in a variety of county and local positions. The name might have been spelled Benoelken.

Christine Huemann died at the home of her daughter, Mrs. Erpelding, in Waterloo, Iowa. When a young child, Christina came to the United States with her parents from Germany and settled in Jefferson, Wisc. She was the eldest of nine children. Joseph Huemann died in a road ditch where he stopped to lie after being stricken ill. He was on his way to the mill in St. Ansgar, when the incident occurred. The immediate estate of Joseph Huemann was left for his wife, as a life estate. Upon her death, a total of $3867.62 was left to the nine children who survived her.

The Gerber family came to the United States in 1876, coming from the port of Hamburg, Germany. They first settled in Mower County, Minnesota after their arrival. In about 1882 or 1883, the family moved to South Dakota, in the Hoven area. This was also about the time Gertrude and her family left Germany, since they had not come with the other family members. Also, two of the sons and their families remained in Mower County, they being Michael and Joseph. Mathias and Katherine spent the remainder of their lives in the Hoven area. No public or church record exists of their death. Mathias Gerber was released of his Prussian citizenship on May 27, 1876.

Michael Gerber came to the United States in 1876, from Germany. The home town in Germany was Ersfeld, located east of Koblenz, in the Rhineland province. In 1878 Michael Gerber purchased his farm, located in Section 27, of Lodi Township, Mower County, Minnesota. This farm was 200 acres and was the NW ½ of the section plus an adjacent 40 acre tract. Taopi was the closest town, being one half mile west, and two and a half miles north. He purchased this farm from Lydia Harris of Bluffton, Indiana for $2100.00. Michael Gerber was the first to homestead this farm. In 1912 he purchased the portion of the NE ½

of section 28 located east of what is now the Chicago, Northwestern Railroad. This tract contained 112.28 acres and was purchased for $5725.00 from a trust held by Nathan Banfield, John W Scott, Lafayette French and James D Sheedy of Austin, Minnesota. This tract was also at one time the property of Selah Chamberlain of Ohio who owned an enormous tract of land in Lodi Township which was made up of several sections of land and the village of Taopi.

In about 1917 he and his wife moved to a home they purchased in Stacyville, Iowa, where he remained until his death. After the death of Anna Maria, all the property was sold. The farm in Lodi Township was sold to Edward Kramp for $115.00 per acre, which amounted to $35,914.00. Kramp was from Akron, Ohio and rented his farm to Joseph and Helen Abbott, who moved in the area from Iowa. The Abbotts purchased the farm from Kramp a few years later. The home in Stacyville was sold to Edward and Veronica Halbach for $5000.00. In addition to the real property, $1074.81 was divided among the heirs from the remaining personal property. Michael Gerber was employed at the famous Krupp factory in Essen, Germany before coming to this country. Anna Maria came to Mower County with her parents in the 1870's from McHenry County, Illinois. According to family members, she was to have been a twin, but the other twin died shortly after birth. She was also blind in one eye, caused from an accident when she was a little girl. At the time of her death she was cared for by her daughter, Theresia.

The Gerbers resided on a farm near Hoven. Peter also was a mail carrier when he was 18 years old. The second Catholic church in Hoven was named St Bernard, after the father of Mrs. Gerber, Bernard Kaiser.

Much of the information of the Gerbers who lived in Hoven, was borrowed from the book, *75 Years of Progress*, which was celebrated in 1958. Many of the families before moving to Hoven, lived in the Adams, Minnesota area.

According to the memory card for Maria Schumacher, she was to have been the mother of 14 children, with 5 dying as infants. One of these might have been a twin to Anna Maria (Mrs. Gerber), which is what the family remembers her as saying. Maria came to this country as a young girl and settled in Illinois. Her home town was in the Koblenz area of Germany in the Rhineland province, and was Hussen. Hussen is located near and administered by the larger town of Asbach, both towns situated east of Bonn and northeast of Koblenz.

According to the obituary of Maria Schumacher, about 48 years before her death, which was about 1859, the Schumacher family moved to the Stacyville area. The obituary also stated that after living in the Stacyville area they returned to Illinois and lived there until 1874 when they moved to Mower County, Minnesota. The Mitchell County History of 1883 states of a John Schumacher settling in Stacyville Township in 1857. According to the memory card for Maria Schumacher, she was to have been the mother of 18 children, with 9 living at her death. One of those might have been a twin to Anna Maria (Mrs. Gerber), which is what the family remembers her as saying. Maria came to this country as a young girl and married in Illinois. Her home town was in the Catholic area of Germany in the Rhineland province, and near Holland. Hassum is located near the border, [illegible] of the larger town of [illegible], [illegible] of Goch and northwest of Kevelaer.

According to the obituary of Maria Schumacher, about 40 years before her death, which was about 1857, the Schumacher family moved to the Stacyville area. The obituary also states that after they came to the [illegible] they resided in Illinois and lived there until 1875, when they moved to Mower County, Minnesota. The Mitchell County History of 1883 speaks of a John Schumacher coming to Stacyville Township in 1857. A deed was made out on 12 May 1868 by John and Mary Schumacher to [illegible] for land located in Stacyville Township. This deed was recorded on 12 April 1872 in the Mitchell were Mathias

County Recorder Office. On November 27, 1874 John Schumacher purchased from Ole Olson Ere, Jr. and Martha Ere, his wife, 120 acres located in Section 18, Adams Township, Mower County for $3000.00. This was also subject to a mortgage of $700.00 made by Ole Olson Ere, Sr. and Ole Olson Ere, Jr. to Stevenson Burke which John Schumacher agreed to assume and satisfy. John Schumacher also made two mortgates to Ole Olson Ere, Jr on his newly purchased farm for $1625.00 on November 27, 1874. Ere later assigned the two mortgages to Herman Hermanson in 1876, which in turn were reassigned by the administrator of the estate of Herman Hermanson to S. L. Sheldon in Nov., 1878. Stevenson Burke also assigned his mortgage to S. L. Sheldon, but not until 1883.

Upon the death of John Schumacher in August, 1878, payments were due in the amount of $1503.49, and default occurred on the instruments.

Papers were served on Mrs. John Schumacher on December 5, 1878 by the Office of Mower County Sheriff of the upcoming Sheriff's Auction, which was held on January 11, 1879. At this auction S. L. Sheldon purchased the property of which he held the mortgages on for $1704.69. Maria Schumacher was able to receive full title to the farm in 1884, when for $1377.15, she obtained from S. L. Sheldon and Anna Sheldon a quit claim deed. Mary Hermanson also presented a quit claim deed in 1880 to Maria Schumacher.

In September 1895 Maria sold the farm to her son, William, for $4200.00. William and his wife, Mary, sold it back to Maria in 1897 for the same amount. The farm remained in the Schumacher family until after the death of Maria, when in 1910 it was sold by her son, John, as executor of her estate, to Joseph P Mullenbach for $6000.00. The total value of her estate, including the money from the sale of the real estate, was $8390.06. Of that amount, $7780.22 was left for distribution to the heirs after expenses had been met. Previous to this, in 1878, the estate of John Schumacher listed the personal property valued at $404.85, and with the real estate valued at $2400.00, which was encumbered by the mortgages to S. L. Sheldon.

John Schumacher also served in the Civil War for the Union for a very brief period. He volunteered for service on 13 February 1865 at Marengo, Illinois to serve for a period of one year or until discharged. He served as private in Company E, Ninth Regiment of the Illinois Calvary Volunteers under Captain Samuel Purirance. He was mustered in service on the following day after enlisting. On a muster roll he is described as being 5 ft. 9 in. in height, with grey eyes and light hair and fair complexion. His recruitment occurred at McHenry, Illinois, and was listed as a farmer. One place he was in camp at was Camp Butler, Illinois.

The pay, or bounty, was $33 one-third payment, with it being uncertain as to the total amount he collected in service to the Union. In each roll call he was stated as present. He was discharged on October 31, 1865 at Selma, Alabama, with apparently what would now be regarded as an honorable discharge. The surrender of Lee to Grant took place on April 9, 1865; and with the last Confederate general surrendering on May 26, 1865 at Shreveport, Louisiana

Maria Schumacher applied for a pension as a widow of a Civil War veteran on July 2, 1879. In her application she described the cause of death of her husband being as follows; "The injury consisted of a large running sore on his seat, caused by riding in the saddle while in the service of the United States.......and after his discharge from service....the said running sore continued to discharge more or less for about nine (9) years, troubling him greatly, when it healed up he was taken sick and gradually run down and declined in health to his death." Six of the children were under sixteen years of age at the time of his death.

No records were available to prove the service of her husband for the Union. In an 1890 census of Civil War veterans and widows, she was listed as not drawing a pension, with

the discharge papers lost as for the reason. Apparently by that year, 1890, or shortly after, she was able to draw her pension, which consisted of $12.00 at the time of her death per payment. Sufficient other papers were filed in her support, and the discharge of John Schumacher was found, thereby allowing her to receive her pension. At the time of her death, Maria lived at the home of her son, John Schumacher in Mitchell County, Iowa.

Of interest to persons now is the value of farm products in 1878, as listed in the inventory of the estate of John Schumacher. Among items listed were: 275 bushels of wheat, valued at $79.75 (29c bu); 250 bushels of oats valued at $40.00 (16c bu); 200 bushels of corn valued at $40.00 (20c bu); 2 geese valued at $1.00; and 5 hogs valued at $23.00 ($4.60 per hog). After nearly 100 years, those prices too have increased.
